SWANA Legislative Task Force Meeting Minutes  
Thursday, June 6, 2019  
10 a.m. – 12 p.m.

1. Administrative Items (10:00 – 10:30 a.m.)
   b. Approval of May Minutes – A motion was made, seconded and carried to approve the May minutes with one minor grammatical change requested by Chuck White.
   c. Approval of May Treasurer’s Report – Brian Probolski summarized the May report noting that SYA invoices being processed currently will be reflected the next month’s report. The June report will also include revenues from Western Regional Symposium. A motion was made, seconded and carried to approve the May Treasurer’s Report. Brian shared that LTF invoices have been mailed out to agencies and he has been fielding phone calls.
   d. Western Regional Symposium – Eric Zetz reported that the Gold Rush chapter will host the next Symposium. This effort will be led by Tracie Bills and James Moore.
   e. Website Committee Report – Doug Kobold updated the group on the efforts to update the LTF website, noting that the new site will have publicly accessible pages as well as pages that only SWANA LTF members can access. The contracted consultant has provided an initial framework (Doug emailed to the LTF) that the LTF website subcommittee will be reviewing with the goal to finalize the site in the next month or so.
   f. Annual Planning Meeting in Monterey, CA - Curtis Larkin shared that he sent out a tentative schedule for the meeting. He requested assistance and feedback regarding discussion items, attendance confirmations, and dinner locations. Curtis has contacted the Monterey Tides hotel to hold a block of rooms and will work with Joe and MRWMD staff regarding a tour.

2. Legislative Review (10:30 a.m.) See bill matrix. A lot of bills are still pending hearing dates.
   a. AB 40 (Ting) Zero-emission vehicles: comprehensive strategy
      i. Watch
      ii. 2-year bill
   b. AB 142 (C. Garcia) Lead-acid batteries
      i. Watch
      ii. 2-year bill
   c. AB 161 (Ting) Solid Waste: Paper Waste: electronic proofs of purchase
      i. Watch
ii. Author’s office still working through the language. Has not yet been referred to committee.

d. AB 187 (C. Garcia) Used Mattress Recovery and Recycling Act: budget
   i. Watch
   ii. SYA and CPSC will be talking with Committee about pending amendments.

e. AB 257 (Mathis) Solid waste: woody biomass: collection and conversion.
   i. Support if amended
   ii. 2-year bill

f. AB 614 (Eggman) Income taxes: credits: food banks
   i. Support
   ii. Still pending referral to Committee.

g. AB 619 (Chiu) Retail Food: reusable containers: multiuse utensils
   i. Watch
   ii. Was heard in Senate Health Committee; passed.

h. AB 625 (Kalra) Service contracts: public transit: collection and transportation of solid waste: retention of employees
   i. Watch
   ii. Hearing not yet set.

i. AB 729 (Chu) Carpet recycling: carpet stewardship organizations: succession: procedure
   i. Support
   ii. Changes to language being worked on that SYA will be good improvements. SYA will send out to LTF once amended.

j. AB 753 (E. Garcia) Alternative and Renewable Fuel and Vehicle Technology Program: fuels: fueling infrastructure
   i. Support
   ii. Pending referral to Committee. Sharon and Chuck shared that the BioEnergy Association is reconsidering their position as some beneficial language was recently removed; recommend the LTF re-review the most recent amendments.

k. AB 792 (Ting) Recycling: plastic beverage containers: minimum content standards
   i. Support
   ii. Amended to require 25% recycled content by 2021, 50% by 2025, and 75% by 2030 but deleted the 100% requirement.

l. AB 793 (Ting) Solid Waste: Biomass
   i. Watch

m. AB 794 (Ting) Beverage container recycling: report to the Legislature
   i. Watch
   ii. 2-year bill

n. AB 815 (Aguiar-Curry) Integrated waste management plans: source reduction and recycling element: dual stream recycling programs
   i. Oppose unless amended
ii. SYA is having a lot of conversations with author’s office and Committee consultant. Recently received suggested amendments from author’s office (SYA emailed to group) that clarifies intent of the bill. The policy committees, author, and CalRecycle have signed off on intent language. LTF requested SYA schedule a separate call to discuss further as there is still concern with intent language.

o. AB 827 (McCarty) Solid Waste: commercial and organic waste: recycling bins
   i. Watch
   ii. Passed EQ Committee. SYA has been talking with EQ consultant to address concerns from agencies with mixed waste recycling.

p. AB 886 (Eggman) Plastic bags
   i. Support
   ii. 2-year bill

q. AB 1080 (Gonzalez) California Circular Economy and Plastic Pollution Reduction Act
   i. Watch
   ii. This and SB 54 are still being worked out; still is a source reduction bill aimed at manufacturers. LTF has concern that would create broad authority for CalRecycle to enforce on local governments (like SB 1383). SYA encouraged LTF to re-review bill to see if the intent to target manufacturers is clear enough to protect local gov. SYA will arrange call to discuss further.

r. AB 1162 (Kalra) Lodging establishments: personal care products: small plastics bottles
   i. Watch
   ii. Pending referral to committee.

s. AB 1163 (Eggman) Consumer Warranty Protection: express warranties
   i. Watch
   ii. 2-year bill

t. AB 1171 (Chen) Solid waste food packaging material: local regulation
   i. Oppose
   ii. 2-year bill

u. AB 1216 (Bauer-Kahan D) Solid waste: illegal dumping
   i. Watch
   ii. 2-year bill

v. AB 1228 (Calderon) Waste management: city source reduction component
   i. Oppose unless amended
   ii. 2-year bill

w. AB 1236 (Lackey) Public resources: GHG: utilities: recycling: CEQA
   i. Support
   ii. 2-year bill

x. AB 1284 (Carrillo) Carbon neutrality
   i. 2-year bill

y. AB 1445 (Gloria) Climate change: emergency declaration and policy
   i. 2-year bill

z. AB 1488 (Burke) Recycling: plastic beverage containers: reporting
   i. Watch
ii. Held in Appropriations

aa. AB 1509 (Mullin) Solid waste: rechargeable batteries: rechargeable consumer products
   i. Support
   ii. Lithium Ion EPR bill. Tech industry about to begin negotiations.

bb. AB 1583 (Eggman) CA Recycling Market Development Act
   i. Watch
   ii. Moving out of Assembly as is. CAW proposed generator fee not getting incorporated at this point, but CAW has not given up entirely. Regarding language as is, LTF to stay silent/take no position and continue to watch.

cc. AB 1672 (Bloom) Product labeling: flushable products
   i. Support
   ii. 2-year bill

dd. SB 33 (Skinner) Solid waste: reduction and recycling
   i. Watch
   ii. 2-year bill

e. SB 54 (Allen) California Circular Economy and Plastic Pollution Reduction Act
   i. Watch
   ii. See AB 1080.

ff. SB 68 (Galgiani) Hazardous waste: treated wood waste
   i. Support and seek amendments
   ii. In Assembly ASTM committee.

gg. SB 210 (Leyva) Heavy-Duty Vehicle Inspection and Maintenance Program
   i. Watch
   ii. Will continue to watch for amendments in next house.

hh. SB 372 (Wieckowski) Single-use plastic products: extended producer responsibility
   i. Watch
   ii. 2-year bill

ii. SB 424 (Jackson) Tobacco products: single-use and multiuse components
   i. Support
   ii. In Assembly.

jj. SB 667 (Hueso) GHG: Recycling infrastructure and facilities
   i. Support if amended
   ii. LTF recommended GGRF funding support. SYA states that author’s office is open to adding that, but they want to see how the budget plays out first regarding GGRF allocations.

kk. SB 724 (Stern) The California Beverage Container Recycling and Litter Reduction Act
   i. Support
   ii. Held in Appropriations

ll. SB 726 (Caballero) Hazardous waste: public agencies: materials exchange program
   i. Support
   ii. SYA in talks with CUPAs and DTSC about how best to craft language for the bill. SYA will share with LTF when ready.
3. Regulatory Update (11:30 a.m. – noon)
   a. SB 1383 / SLCP Workshops
      i. SYA set up a LTF call to discuss next round of the regulation. CalRecycle could not extend comment period, stating the shorter one will enable another round if needed.
      ii. Next draft will be released June 18 – LTF encouraged to review as soon as possible. SYA will be checking whether it addresses previous LTF comments.
      iii. Jason mentioned the Alameda County StopWaste comment letter and recommends following their comment letter format list comments in an Excel table-like format.
   b. SB 212 Implementation
      i. Draft regulations have been released; comments are due in July. Not a formal rulemaking just yet – just workshops and CalRecycle is looking for feedback. LTF encouraged to review.
   c. DTSC Photovoltaic/Solar Panel Universal Waste Regulations
      i. Comments are due on the proposed regulations next week. RCRC and CPSC working on comments; feel the proposed language is not at all workable. They will provide more information once comments are finalized.
      ii. Larry shared that the DTSC workshop on the regulation is scheduled for June 10.
   d. SB 1335 Regulations – Food Service Packaging at State Agencies
      i. Chris mentioned that these proposed regulations discuss criteria for food packaging to be recyclable or compostable. Recommended the LTF comment regarding the compostability of ‘compostable’ products.

4. Review of Work Plan/White Papers
   a. White paper on plastics – placeholder, not discussed.

5. Misc.
   a. Mark Bowers announced that he is stepping down from his position as Solid Waste Programs Division Manager for the City of Sunnyvale. He will retire this summer after 29 years of service. He has not yet discussed it with the Gold Rush Chapter, but he anticipates continuing to serve on the LTF. The group offered Mark their heart-felt congratulations.

Respectfully:

Christina Hanson, Secretary

SWANA Legislative Task Force Meeting Agenda

Thursday, June 6, 2019
10 a.m. – 12 p.m.
Dial: 1-800-867-2581 / Access Code: 5894573

1. Administrative Items (10:00 – 10:30 a.m.)
   a. Roll Call, Introductions
   b. Approval of May Minutes
   c. Approval of May Treasurer’s Report
   d. Western Regional Symposium
   e. Website Committee Report
   f. Annual Planning Meeting in Monterey, CA [Curtis Larkin]

2. Legislative Review (10:30 a.m.) position or put at as a watch position- bill matrix
   a. AB 40 (Ting) Zero-emission vehicles: comprehensive strategy
      i. Watch
      ii. 2-year bill
   b. AB 142 (C. Garcia) Lead-acid batteries
      i. Watch
      ii. 2-year bill
   c. AB 161 (Ting) Solid Waste: Paper Waste: electronic proofs of purchase
      i. Watch
   d. AB 187 (C. Garcia) Used Mattress Recovery and Recycling Act: budget
      i. Watch
   e. AB 257 (Mathis) Solid waste: woody biomass: collection and conversion.
      i. Support if amended
      ii. 2-year bill
   f. AB 614 (Eggman) Income taxes: credits: food banks
      i. Support
   g. AB 619 (Chiu) Retail Food: reusable containers: multiuse utensils
      i. Watch
   h. AB 625 (Kalra) Service contracts: public transit: collection and transportation of solid waste: retention of employees
      i. Watch
   i. AB 729 (Chu) Carpet recycling: carpet stewardship organizations: succession: procedure

<td>ASSEMBLY 2 YEAR 4/26/2019 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 1/24/2019)(May be acted upon Jan 2020)</td>
<td>Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Existing law generally designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution. Existing law required the state board to develop and adopt regulations that achieve the maximum feasible reduction of greenhouse gases emitted by passenger vehicles, light-duty trucks, and any other vehicles determined by the state board to be vehicles whose primary use is noncommercial personal transportation in the state. This bill, no later than January 1, 2021, would require the state board to develop a comprehensive strategy to ensure that the sales of new motor vehicles and new light-duty trucks in the state have transitioned fully to zero-emission vehicles, as defined, by 2040, as specified.</td>

<td>ASSEMBLY 2 YEAR 4/26/2019 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was E.S. &amp; T.M. on 3/25/2019)(May be acted upon Jan 2020)</td>
<td>Existing law, the California Safe Drinking Water Act, requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health. Existing law requires the state board, on or before July 1, 2020, to adopt a definition of microplastics in drinking water, as provided. Existing law requires the Ocean Protection Council, to the extent funds are available, to adopt and implement a Statewide Microplastics Strategy related to microplastic materials that pose an emerging concern for ocean health, as provided. This bill would require the state board to take specified actions relating to microfiber pollution on or before July 1, 2020, and would require the state board to identify best practices for clothing manufacturers to reduce the amount of microfibers released into the environment. The bill would require, on or before January 1, 2020, a public entity that uses a laundry system, and a private entity that contracts with a state agency for laundry services, to install a filtration system to capture microfibers that are shed during washing. The bill would require, on or before January 1, 2021, a private entity that uses an industrial or commercial laundry system to install a filtration system to capture microfibers. By requiring a public entity, which is defined to include specified local government entities, to install microfiber filtration systems, the bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.</td>

for assignment. | (1)The Lead-Acid Battery Recycling Act of 2016 prohibits a person from disposing, or attempting to dispose, of a lead-acid battery at a solid waste facility or on or in any land, surface waters, watercourses, or marine waters, but authorizes a person to dispose of a lead-acid battery at certain locations. The act requires, until March 31, 2022, a manufacturer battery fee of $1 to be imposed on a manufacturer of lead-acid batteries for each lead-acid battery it sells at retail to a person in California, or that it sells to a dealer, wholesaler, distributor, or other person for retail sale in California. The act requires the manufacturer battery fee to be paid to the California Department of Tax and Fee Administration and requires dealers and manufacturers of lead-acid batteries to register with the department. The act defines “manufacturer” for these purposes. This bill would, on and after April 1, 2022, increase the amount of the manufacturer battery fee to $2 and would provide that the fee would continue indefinitely. The bill, on and after January 1, 2020, would authorize a person who manufactures a lead-acid battery and is not subject to the jurisdiction of the state to agree in writing with the importer, as defined, of that lead-acid battery to pay the manufacturer battery fee on behalf of the importer. The bill would exempt an importer who has an agreement of this type with a manufacturer, and who meets other specified requirements, from the requirement to register with the department. The bill would require the department, on or before January 1, 2022, to submit to the Legislature a report that includes, among other things, any regulations or policies adopted by the department for purposes of ensuring compliance with the registration, returns, reporting, payments, audits, refunds, or collection requirements related to the manufacturer battery fee. This bill contains other related provisions and other existing laws. | Watch |

<td>SENATE RLS. 5/29/2019 - Referred to Com. on RLS. From committee chair, with author's amendments: Amend, and re-refer to committee. Read second time, amended, and re-referred to Com. on RLS.</td>
<td>The Used Mattress Recovery and Recycling Act, administered by the Department of Resources Recycling and Recovery, authorizes a mattress recycling organization to be established by a qualified industry association to develop, implement, and administer a mattress recycling program in the state. The act requires the organization to develop and submit to the department for approval a plan, including a budget to implement the plan, for the recovery and recycling of used mattresses. The act requires the organization to submit to the department and make publicly available annual reports relating to the program. The act requires the department's director to appoint an advisory committee to be part of the organization. The act requires the organization to set the amount of a state mattress recycling charge to fund the recycling of used mattresses under the act that is added to the purchase price of a mattress, and authorizes the organization to change the amount of the charge. The act requires a mattress retailer to give a consumer the option to have a used mattress picked up, at no additional cost, at the time a new mattress is delivered. A violation of the act may be subject to an administrative civil penalty. This bill would revise and recast provisions of the act, including requiring the organization to review the plan and determine whether amendments to the plan are necessary every 5 years. The bill would require the organization to include additional specified information and goals in the plan, the budget, and the annual reports, and would require the advisory committee to prepare written recommendations for the organization. The bill would prohibit, commencing with the 2027–28 fiscal year, the organization’s financial reserve from exceeding 60% of its annual operating expenses, except as specified, and would prohibit the organization from reducing the mattress recycling charge unless the organization is meeting all goals and requirements of the program. The bill would prohibit the revenue from the charge from being expended for specified purposes. <strong>Last Amended on 5/29/2019</strong></td>

<td>ASSEMBLY 2 YEAR 5/17/2019 - Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 3/20/2019)(May be acted upon Jan 2020)</td>
<td>Existing law prohibits dumping waste matter in or upon a public or private highway or road, in or upon private property into or upon which the public is admitted by easement or license, upon private property without the consent of the owner, or in or upon a public park or other public property. A violation of these provisions is an infraction punishable by a fine between $250 and $1,000 for a first conviction, between $500 and $1,500 for a 2nd conviction, and between $750 and $3,000 for a 3rd or subsequent conviction. This bill would make dumping waste matter on private property, including on any private road or highways, without the consent of the owner, punishable by a fine between $250 and $1,000 for a first conviction, between $500 and $1,500 for a 2nd conviction, and between $750 and $3,000 for a 3rd conviction. The bill would make a 4th or subsequent conviction a misdemeanor punishable by imprisonment in a county jail for not more than 30 days and by a fine of not less than $750 nor more than $3,000. The bill would also require the fine to be doubled for the 4th or subsequent violation if the prosecuting attorney pleads and proves, or, in an infraction case, if the court finds, that the waste placed, deposited, or dumped includes used tires. This bill contains other related provisions and other existing laws. <strong>Last Amended on 2/28/2019</strong></td>

Released waste: certification of local officers. | ASSEMBLY 2 YEAR  
5/17/2019 - Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 3/20/2019)(May be acted upon Jan 2020) | Existing law authorizes a party responsible for the release of waste requiring remedial action to request a local officer, as defined, to supervise the remedial action. Existing law authorizes the local officer to enter into a remedial action agreement with the responsible party to supervise the remedial action, as specified, and governs the duties of the local officer and the terms of the agreement. Existing law establishes the State Water Resources Control Board to exercise certain powers relating to water rights, water quality, and safe and reliable drinking water. Existing law also establishes the Department of Toxic Substances Control to enforce hazardous waste control laws. This bill would require the board, in cooperation with the department, to develop and implement a certification program for local officers who enter into remedial action agreements. The bill would establish the criteria for certification, and procedures for the review and revocation of that certification. On and after July 1, 2020, the bill would authorize only a local officer who is certified by the board pursuant to that program, or by the department, as specified, to enter into a remedial action agreement. This bill contains other related provisions. | |
| **AB 490**

California Environmental Quality Act: affordable housing development projects: administrative and judicial streamlining. | ASSEMBLY 2 YEAR  
4/26/2019 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 3/14/2019)(May be acted upon Jan 2020) | The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA. This bill would establish specified procedures for the administrative and judicial review of the environmental review and approvals granted for projects that meet certain requirements, including, among others, the requirement that the projects are affordable housing developments. Because a public agency would be required to comply with those new procedures, this bill would impose a state-mandated local program. The bill would apply certain rules of court establishing procedures requiring actions or proceedings seeking judicial review pursuant to CEQA or the granting of project approvals, including any appeals therefrom, to be resolved, to the extent feasible, within 270 days of the filing of the certified record of proceedings with the court to an action or proceeding seeking judicial review of the lead agency’s action related to those projects. This bill contains other related provisions and other existing laws. **Last Amended on 4/11/2019** | |

Income taxes: credits: food banks. | SENATE RLS.  
5/24/2019 - In Senate. Read first time. To Com. on RLS. for assignment. | The Personal Income Tax Law and the Corporation Tax Law allow various credits against the taxes imposed by those laws, including, for taxable years beginning on or after January 1, 2017, and before January 1, 2022, a credit for qualified taxpayers, defined as the person responsible for planting a crop, managing the crop, and harvesting the crop from the land, in an amount equal to 15% of the qualified value of fresh fruits or vegetables donated to a food bank. This bill, under both laws, would expand the credit to apply to the donation of qualified donation items, defined as raw agricultural products or processed foods. The bill would expand the definition of qualified taxpayer to include the person responsible for growing or raising a qualified donation item, or harvesting, packing, or processing a qualified donation item but would exclude a retailer or a wholesaler from that expanded definition. The bill would apply these provisions to taxable years beginning on or after January 1, 2020. This bill contains other related provisions. **Last Amended on 5/16/2019** | **Support** |

Retail food: reusable containers: multiuse utensils. | SENATE HEALTH  
4/24/2019 - Referred to Com. on HEALTH.  
6/5/2019 1:30 p.m. - Room 3191 SENATE HEALTH, PAN, Chair | Existing law, the California Retail Food Code, provides for the regulation of health and sanitation standards for retail food facilities, as defined, by the State Department of Public Health. Under existing law, local health agencies are primarily responsible for enforcing the California Retail Food Code, and a person who violates any provision of the code is guilty of a misdemeanor, except as otherwise provided. This bill would instead provide that clean consumer-owned containers provided or returned to the food facility for filling may be filled by either the employee or the owner of the container, and would require the food facility to isolate the consumer-owned containers from the serving surface or sanitize the serving surface after each filling. The bill would require the consumer-owned containers to be designed and constructed for reuse, as specified. The bill would require the food facility to prepare, maintain, and adhere to written procedures to prevent cross-contamination, and to make the written procedures available to the enforcement agency. This bill contains other related provisions and other existing laws. **Last Amended on 3/20/2019** | Watch |

Service contracts: public transit: collection and transportation of solid waste: retention of employees. | SENATE RLS.  
5/30/2019 - In Senate. Read first time. To Com. on RLS. for assignment. | Existing law imposes requirements on certain local government agencies that award or otherwise enter into contracts for public transit services or for the collection and transportation of solid waste, relating to the retention of employees of the prior contractor or subcontractor. Existing law requires such a local government agency letting a contract out to bid to give a 10% preference to a bidder who agrees to retain employees for a specified period, as prescribed. Specific provisions apply only to service contracts for the collection and transportation of solid waste. This bill would expand the application of these provisions to a state agency that enters into such a contract. | Watch |
| **AB 729**  
Chu D  
Carpet recycling: carpet stewardship. | SENATE E.Q.  
5/29/2019 - Referred to Coms. on EQ. and JUD. | Existing law requires a manufacturer of carpets sold in this state to submit, either individually or through a carpet stewardship organization, a carpet stewardship plan that meets specified requirements to the Department of Resources Recycling and Recovery, and requires the department to approve or disapprove the plan. Existing law imposes a carpet stewardship assessment per unit of carpet sold in the state that is remitted by carpet manufacturers to the carpet stewardship organization and may be expended to carry out the organization's carpet stewardship plan. This bill would require a carpet stewardship organization to include in the carpet stewardship plan a contingency plan should the carpet stewardship plan expire without approval of a new carpet stewardship plan or should the carpet stewardship plan be revoked. The bill would require a carpet stewardship organization to set up a trust fund or an escrow account, into which the bill would require the organization to deposit sufficient funds to implement the programs in the carpet stewardship plan for a period of one year, in the event that the carpet stewardship plan terminates or is revoked. The bill would require, if a carpet stewardship plan is revoked or terminated, the trustee or escrow agent to accept carpet stewardship assessment payments directly from manufacturers and to make payments from the trust fund or escrow account as the department directs, in writing, to implement the most recently approved carpet stewardship plan. The bill would authorize the department, if a new carpet stewardship plan has not been approved within one year after termination or revocation, to make modifications to the previously approved plan, as it deems necessary, and continue to direct payments from the trust fund or escrow account to implement the modified plan. This bill contains other existing laws. **Last Amended on 4/10/2019** | Support |

<td><strong>AB 755</strong></td>
<td>ASSEMBLY INACTIVE FILE 5/29/2019 - Ordered to inactive file at the request of Assembly Member Holden.</td>
<td>The California Tire Recycling Act, until January 1, 2024, requires a person who purchases a new tire to pay a California tire fee of $1.75 per tire, for deposit, except for 11/2% retained by retailers and as provided below, in the California Tire Recycling Management Fund for expenditure by the Department of Resources Recycling and Recovery upon appropriation by the Legislature for prescribed purposes related to disposal and use of used tires. Commencing January 1, 2024, existing law reduces the California tire fee to $0.75 per tire and changes the retailers’ share to 3%. Existing law authorizes the department, in carrying out the act, to solicit and use any and all expertise available in, and to contract or cooperate with, other state agencies, as provided. Existing law authorizes the department to contract with the California Department of Tax and Fee Administration to collect the California tire fee. Existing law requires the department, or its authorized agent, to be reimbursed for its costs of collection, auditing, and making refunds associated with the California Tire Recycling Management Fund, in an amount up to 3% of the total annual revenue deposited in the fund. This bill would require the California Department of Tax and Fee Administration to collect the California tire fee and would repeal the provision authorizing the Department of Resources Recycling and Recovery to solicit and use the expertise of, and contract or cooperate with, other state agencies. The bill would increase the California tire fee by $1.50. The bill would also make conforming changes. This bill contains other related provisions and other existing laws. <strong>Last Amended on 5/16/2019</strong></td>

<td>SENATE RLS. 5/24/2019 - In Senate. Read first time. To Com. on RLS. for assignment.</td>
<td>(1)Existing law, the California Beverage Container Recycling and Litter Reduction Act, requires every beverage container sold or offered for sale in this state to have a minimum refund value. Under the act, the Department of Resources Recycling and Recovery is required to calculate a processing fee for each beverage container with a specified scrap value, which is required to be paid by beverage manufacturers for each beverage container sold or transferred to a distributor or dealer. The department is required to calculate the processing fee in a specified manner so that the actual processing fee generally equals 65% of the processing payment that the department is required to pay to processors if the scrap value of the container having a refund value pursuant to the act is less than the cost of recycling. This bill, on and after January 1, 2021, would require a plastic beverage container filled with a beverage by a beverage manufacturer, as specified, to contain, on average, specified amounts of postconsumer recycled plastic content pursuant to a tiered plan that would require the beverage container to contain, on average, no less than 75% postconsumer recycled plastic content on and after January 1, 2030. The bill would impose administrative penalties, in specified amounts, on a beverage manufacturer for a violation of these requirements. The bill would authorize the department to enforce these provisions and would authorize the department to conduct audits and inspections of a beverage manufacturer for the purpose of ensuring compliance. The bill would authorize the department to assess additional administrative penalties, if violations are found, based on the audits and annual report submitted to the department by beverage manufacturers, as prescribed. The bill would require penalties collected to be deposited in the Recycling Enhancement Penalty Account, which the bill would create. The bill would require moneys in the Recycling Enhancement Penalty Account to be expended upon appropriation by the Legislature. Because a violation of these provisions would be a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.</td>

Solid waste: food packaging material: local regulation. | ASSEMBLY  2 YEAR  
5/3/2019 - Failed Deadline pursuant to Rule 61(a)(3). (Last location was NAT. RES. on 3/28/2019)(May be acted upon Jan 2020) | The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. The act prohibits certain stores from providing a single-use carryout bag to a customer at the point of sale and prohibits full-service restaurants from providing single-use plastic straws to consumers unless requested by the consumer. The act requires each city and county, and each regional agency formed pursuant to the act, to develop a source reduction and recycling element of an integrated waste management plan to divert 50% of all solid waste, through source reduction, recycling, and composting activities. This bill would prohibit a city, county, city and county, or other local public agency from requiring a grocery store, as defined, to use a certain type of food packaging for any food sold in the grocery store unless the majority of residential households within the jurisdiction of the local agency have access to a curbside program that accepts the material from which that food packaging is made. The bill would prohibit those local agencies from prohibiting a grocery store from using a certain type of food packaging for any food sold in the grocery store if a majority of residential households within the jurisdiction of the local agency have access to a curbside program that accepts the material from which that food packaging is made. The bill would require a local agency, if it requires a grocery store to use a certain type of food packaging, to identify the type of food packaging using standardized specifications, active at the time of the enactment of the requirement, from an established national or international organization, as provided. **Last Amended on 3/28/2019** | Oppose |

Carbon neutrality.
| ASSEMBLY  2 YEAR 4/26/2019 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 3/11/2019)(May be acted upon Jan 2020) | The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions and to update the scoping plan at least once every 5 years. This bill would require the state board to adopt a regulation defining carbon neutrality, as specified. |  |
| **AB 1419**  |
Kamlager-Dove D
Medical waste: pharmaceuticals.
<p>| ASSEMBLY  2 YEAR 4/26/2019 - Failed Deadline pursuant to Rule 61(a)(2). (Last location was E.S. &amp; T.M. on 3/28/2019)(May be acted upon Jan 2020) | Existing law, the Medical Waste Management Act, administered by the State Department of Public Health, regulates the management, handling, and disposal of medical waste, as defined, including pharmaceutical waste. The act provides that transporting, storing, treating, disposing, or, causing the treatment or disposal of medical waste in a manner not authorized by permit or registration, or by the act, is a crime, except as specified. For purposes of the act, the term “pharmaceutical” is defined to mean a prescription or over-the-counter human or veterinary drug, including, but not limited to, a drug defined in the Federal Food, Drug, and Cosmetic Act, but does not include a pharmaceutical regulated pursuant to the federal Resource Conservation and Recovery Act of 1976 or the Radiation Control Law. This bill would additionally except from the definition of “pharmaceutical” herbal-based remedies, homeopathic drugs, remedies, and any other product with a National Drug Code identifying the product as “homeopathic,” as well as cosmetics, soap, shampoo, sunscreen, toothpaste, lip balm, antiperspirant, and saline products.  <strong>Last Amended on 3/28/2019</strong> |  |</p>

<td>SENATE RLS.&lt;br&gt;5/24/2019 - In Senate. Read first time. To Com. on RLS. for assignment.</td>
<td>Existing law, the Rechargeable Battery Recycling Act of 2006, requires every retailer, as defined, to have in place a system for the acceptance and collection of used rechargeable batteries for reuse, recycling, or proper disposal. Existing law requires the system for the acceptance and collection of used rechargeable batteries to include, at a minimum, specified elements, including, among others, the take-back of a used rechargeable battery of the type or brand that the retailer sold or previously sold at no cost to the consumer. Existing law defines “rechargeable battery” for purposes of these provisions to mean a small, nonvehicular, rechargeable nickel-cadmium, nickel metal hydride, lithium-ion, or sealed lead-acid battery, or a battery pack containing these types of batteries. This bill would establish the Lithium-Ion Battery Recycling Program in the Department of Resources Recycling and Recovery. The bill would require a covered entity, as defined, on or before March 1, 2021, to provide a list of covered products that it sells or offers for sale in the state to the department and the total number of each covered product it sold in the state during the prior year, and to update those lists annually. The bill would define “covered product” to mean a lithium-ion battery sold separately or sold with a product, or a product containing a lithium-ion battery or battery pack that is not designed to be removed from the product by a consumer. The bill would require a covered entity to annually achieve specified collection and recycling rates for covered products, as provided. The bill would require a covered entity to establish a stewardship program for covered batteries independently or as part of a group of covered entities through membership in a stewardship organization. The bill would authorize a covered entity to achieve the recycling rates for covered battery-embedded products through any of specified mechanisms, including through a take-back program in which the retailer offers consumers covered battery-embedded product take-back services through collection receptacles or a mail-back program. The bill would require a covered entity to pay the department an administrative fee, set by the department at an amount that, when paid by every covered entity, is adequate to cover the department’s, and any other state agency’s, full costs of administering and enforcing this program. The bill would require the department to deposit those administrative fees in the Lithium-Ion Battery Recycling Cost of Implementation Account, which would be established by the bill, and would authorize the expenditure of those funds, upon appropriation by the Legislature, for certain purposes. The bill would require the department, on or before January 1, 2022, to adopt regulations to implement the program. This bill contains other related provisions.</td>

<td>The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. This bill would, among other things, on or after January 1, 2021, prohibit a covered entity, as defined, from labeling a covered product as safe to flush, safe for sewer systems, or safe for septic systems, unless the product is a flushable wipe that meets certain performance standards. The bill would require nonflushable products to be labeled clearly and conspicuously to communicate that they should not be flushed, as specified. The bill would establish enforcement provisions, including authorizing a civil penalty not to exceed $2,500 per violation to be imposed on a person who violates the bill's provisions. Last Amended on 4/25/2019</td>

<tr>
<td><strong>AB 1770 Frazier</strong></td>
<td><strong>SENATE</strong> RLS. 5/24/2019 - In Senate. Read first time. To Com. on RLS. for assignment.</td>
<td>Existing law requires the Department of Resources Recycling and Recovery to administer a tire recycling program that promotes and develops alternatives to the landfill disposal of used whole tires. The California Tire Recycling Act requires a person who purchases a new tire to pay a California tire fee, for deposit in the California Tire Recycling Management Fund, for expenditure by the department, upon appropriation by the Legislature, to pay the costs of operating the tire recycling program. The act provides that the tire recycling program may include the awarding of grants, loans, subsidies, and rebates and the payment of incentives for various purposes related to reducing landfill disposal of used whole tires and tire recycling. This bill would extend the operation of the Rubberized Pavement Market Development Act to June 30, 2024. This bill contains other existing laws.</td>

Skinner D | SENATE RLS. 1/16/2019 - Referred to Com. on RLS. | The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. This bill would state the intent of the Legislature to enact legislation that would address the collapse of foreign recycling markets by reducing solid waste generation, encouraging transition to compostable or recyclable materials, and fostering domestic recycling markets. | Watch |
| SB 43
Allen D | ASSEMBLY DESK 5/28/2019 - Read third time. Passed. (Ayes 25. Noes 10.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk. | The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to approve a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. This bill would require the state board, no later than January 1, 2022, to submit a report to the Legislature on the findings from a study, as specified, to determine the feasibility and practicality of assessing the carbon intensity of all retail products subject to the tax imposed pursuant to the Sales and Use Tax Law. This bill contains other existing laws. Last Amended on 5/21/2019 | |
| SB 54
Allen D | ASSEMBLY DESK 5/29/2019 - Read third time. Passed. (Ayes 28. Noes 8.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk. | The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste, including, among other solid waste, single-use plastic straws. This bill would enact the California Circular Economy and Plastic Pollution Reduction Act, which would establish the policy goal of the state that, by 2030, manufacturers and retailers achieve a 75% reduction of the waste generated from single-use packaging and products offered for sale or sold in the state through source reduction, recycling, or composting. The bill would require the department, before January 1, 2023, to adopt regulations that require manufacturers and retailers to source reduce, to the maximum extent feasible, single-use packaging and priority single-use plastic products, as defined, and to ensure that all single-use packaging and priority single-use plastic products in the California market are recyclable or compostable. The bill would require manufacturers and retailers to annually report specified information to the department. The bill would require the department, before adopting the regulations, to develop a scoping plan, as specified. This bill contains other related provisions and other existing laws. Hazardous waste: treated wood waste. | ASSEMBLY  
E.S. & T.M.  
5/22/2019 - From committee with author's amendments. Read second time and amended. Referred to Com. on E.S. & T.M. | Existing law, as part of the hazardous waste control laws, requires treated wood waste to be disposed of in either a class I hazardous waste landfill or in a composite-lined portion of a solid waste landfill unit that meets specified requirements. Existing law requires each wholesaler and retailer of treated wood and treated wood-like products to conspicuously post information that contains a specified message, including a certain internet website address at which more information can be found, at or near the point of display or customer selection of treated wood and treated wood-like products, as provided. Existing law repeals these requirements on January 1, 2021. A violation of the hazardous waste control laws is a crime. This bill would delete the repeal provision, thereby extending the operation of those provisions indefinitely. The bill would authorize the message to be posted at the point of sale, in addition to at the point of display or customer selection. The bill would update in the message the internet website address at which more information can be found and would require the message to include an additional specified statement relating to the internet website at which the list of approved landfills that accept treated wood waste can be found. By extending a crime, the bill would impose a state-mandated local program. The bill would also delete outdated provisions and make other nonsubstantive changes. This bill contains other related provisions and other existing laws.

<td>ASSEMBLY DESK</td>
<td>(1) Existing law requires the State Air Resources Board, in consultation with the Bureau of Automotive Repair and a specified review committee, to adopt regulations requiring owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excessive emissions of smoke. Existing law requires the state board, in consultation with the State Energy Resources Conservation and Development Commission, to adopt regulations requiring heavy-duty diesel motor vehicles to use emission control equipment and alternative fuels. This bill would require the state board, in consultation with the bureau and other specified entities, to implement a pilot program that develops and demonstrates technologies that show potential for readily bringing heavy-duty vehicles into an inspection and maintenance program. The bill would require the state board, no later than 2 years after the completion of the pilot program, to develop and implement a Heavy-Duty Vehicle Inspection and Maintenance Program for nongasoline heavy-duty onroad motor vehicles, as specified. The bill would authorize the state board to assess a fee and penalties as part of the program, as specified. The bill would require the state board, in the first year in which a fee is assessed, to submit the schedule of fees by January 10 to the Joint Legislative Budget Committee as part of the annual Budget Act. The bill would create the Truck Emission Check (TEC) Fund, with all the moneys deposited in the fund to be available upon appropriation. The bill would require the state board, at least 60 days prior to the adoption of any rules or regulations implementing the program, to submit those proposed rules and regulations and any proposed schedule of fees to the Joint Legislative Budget Committee and to the appropriate policy and fiscal committees of the Legislature. This bill contains other related provisions and other existing laws.</td>

<td>The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, generally regulates the disposal, management, and recycling of solid waste. The act authorizes the Department of Transportation to establish specifications for the use of reclaimed asphalt pavement of up to 40% for hot mix asphalt mixes, and specifies that this authorization does not limit the authority of the Department of Transportation to establish specifications for this use of reclaimed asphalt pavement in amounts greater than 40%. The act required the Department of Transportation to submit a report to the Legislature, by March 1, 2016, on its progress, since the year 2011, toward the development and implementation of these specifications. This bill would authorize the Department of Public Works of the County of Los Angeles to create a pilot project to demonstrate the viability of paving streets, roads, and highways with hot mix asphalt that is composed of between 85% and 100% reclaimed asphalt pavement (RAP). The bill would require the pilot project to be conducted on streets, roads, and highways in the county and would require specific project sites in the county to be determined by the appropriate and usual process of the county. The bill would require, upon creation of the pilot project, the Department of Public Works of the county to establish an evaluation team consisting of specified members to independently observe, document, and evaluate the pilot project. The bill would require the evaluation team to prepare specified documents, including a final report that includes all relevant pilot project information to be submitted to the Department of Transportation, specified committee chairs of the Legislature, and the Governor’s office. The bill would require the pilot project to be completed by December 31, 2022.</td>

<td><strong>SB 515</strong></td>
<td>ASSEMBLY DESK 5/13/2019 - Read third time. Passed. (Ayes 37. Noes 0.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.</td>
<td>Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. The California Renewables Portfolio Standard Program requires the commission to establish a renewables portfolio standard requiring all retail sellers, including electrical corporations, to procure a minimum quantity of electricity products from eligible renewables energy resources, as defined, so that the total kilowatthours of those products sold to their retail end-use customers achieves 25% of retail sales by December 31, 2016, 33% by December 31, 2020, 44% by December 31, 2024, 52% by December 31, 2027, and 60% by December 31, 2030. The program requires electrical corporations, by December 1, 2016, to collectively procure, through 5-year financial commitments, their proportionate share of 125 megawatts of cumulative rated generating capacity from bioenergy projects that commenced operation prior to June 1, 2013, and that each produces its generation using specified minimum percentages of certain types of forest feedstock. Pursuant to existing law, the commission has adopted resolutions establishing fuel or feedstock procurement requirements for generation from bioenergy projects intended to reduce wildfire risks that are applicable to the state’s 3 largest electrical corporations. This bill would expand the fuels and feedstocks that are eligible to meet these wildfire risk reduction fuel and feedstock requirements to include biomass diverted from specified higher fire-risk zones. <strong>Last Amended on 4/8/2019</strong></td>
